Why this course ?

The NEP seeks to inculcate 21st-century skills in students and make the country's education more inclusive and flexible. It recognizes that teachers play a crucial role in achieving these goals and emphasizes the need to improve the quality of education in India. According to The Sentinel, the role of teachers is no longer limited to teaching inside the four walls of the classroom, they will act as contributors to making policies. This will help every educator to reduce the burden of their daily job challenges and will help them in the process of creating better individuals for society.
